

Student Questionnaire

Name, as you prefer to be addressed: _____

Email address you read regularly: _____
(will assume @u.washington.edu unless otherwise specified)**Computers & Research**How often do you check your email? Weekly (or less) Daily Several times per dayHave you seen the website for this course yet? Yes No (if not, hopefully you will soon)

How often do you use the world-wide-web for information or research?

 Never Occasionally (1/mo.) Often (weekly) Only way I find out anything

How often do you use a library for information or research?

 Never Occasionally (1/mo.) Often (weekly) Only way I find out anything**Background**What classes have you taken that will help you contribute to some integrated learning for all?
(e.g., economics, geography, political science, other environmental science)Have you taken any science classes with lab work (including high school)? Yes No
If so, what subjects? ...did you enjoy it? ...are you comfortable with lab equipment?

How comfortable are you with basic math (arithmetic, trigonometry, algebra)?

 Very Somewhat Not really

How comfortable are you with basic line graphs of data?

 Very Somewhat Not really**Two more important things.**1) What one thing about yourself should we know to help you *learn* most effectively?

2) What do you want from this course? (besides a good grade)

(please use the backside of this sheet to answer these questions, thanks)
